CHOOSE YOUR LEVEL OF SUPPORT

Market Feasibility Study

From $800

Research-only: a practical report to help you assess whether the market makes sense.

Full Market Entry Package

From $2,000

Feasibility research plus buyer identification, introductions and agreed appointment setting.

WHAT THE FEASIBILITY STUDY COVERS

- Market assessment and target customer segments.
- Competitor research and evidence-based market price ranges.
- Distribution channels, importer/distributor landscape and routes to market.
- Documentation and import requirements research.
- A written summary, commercial implications and recommended next steps.

WHAT THE FULL PACKAGE ADDS

- A targeted list of relevant buyers or commercial partners.
- Direct buyer introductions, outreach and qualified appointment setting.
- A defined number of contacts and meetings, agreed after assessment.

SCOPE & QUOTATION

Starting fees assume one country and one product or service category. Research depth, regulatory complexity and the buyer profile affect price. Documentation findings are research, not legal or regulatory advice; specialist checks may be needed.

A free 30-minute initial consultation helps us assess scope, feasibility and pricing.
